Undergraduate application included
LAU MISSION

“LAU is committed to academic excellence, student-centeredness, the advancement of scholarship, the education of the whole person and the formation of students as future leaders in a diverse world.”
ABOUT US

The Lebanese American University is a private higher education institution operating in Lebanon under a charter from the Board of Regents of the University of the State of New York.

LAU is accredited by the New England Association of Schools and Colleges, Inc. through its Commission on Institutions of Higher Education.

LAU’s roots go back to the American School for Girls, established in Beirut in 1835 by American Presbyterian missionaries. Officially founded as a women’s college in 1924, it expanded over the decades along with Lebanon’s growing educational needs.

Today the university boasts solid academic programs offered by seven schools on two campuses in the cities of Beirut and Byblos.

As a nonsectarian institution guided by a deep-rooted sense of shared ethical values, LAU provides access to a superior education for men and women from Lebanon, the Middle East, and around the world.

LAU is governed by a 25-member Board of Trustees. The board’s diverse makeup ensures that standards of excellence are upheld in every facet of university life.

The university is about to complete its first strategic plan that underscores academic excellence, and is getting ready to launch the new one for 2010–2015.

“LAU provides access to a superior education for men and women from Lebanon, the Middle East, and around the world.”
LAU’s Beirut heritage dates back to 1924 when it was founded as a women’s college. The Beirut campus benefits from an urban setting with direct access to the cultural, social, educational and recreational resources of Lebanon’s capital. It is the site of the university’s foundation and the seat of three schools: Architecture and Design, Arts and Sciences, and Business.

Set in the urban heart of the capital city, the Beirut campus is an easy-walking distance from Hamra Street, one of Lebanon’s most buzzing shopping streets, which leads to a plethora of sidewalk cafés and snack stands making the country’s famous dishes. Hamra is known for its nightlife, catering to live music lovers and social minglers alike.

Also within easy access to the campus are the Beirut Souks, the city’s most recent, open-air shopping destination; and the Corniche, a promenade set along side the Mediterranean that is frequented by joggers, in-line skaters, and people simply taking in the energetic sights and sounds of the city.

Studying in Beirut means you have access to the region’s most vibrant nightlife, with nightclubs and rooftop lounges that have gained a reputation across the globe.

With its long history, Beirut is a melting pot where old meets new, and classic Ottoman architecture stands impressively alongside modern skyscrapers. It is a cultural mecca where music, dance, art, fashion and theater are constantly on offer, with Middle Eastern and Western influences forming a unique blend of enticement.

It is a cultural mecca where music, dance, art, fashion and theater are constantly on offer, with Middle Eastern and Western influences forming a unique blend of enticement.

OUR CAMPUSSES

LAU’s campuses are set on hillside locations by the Mediterranean Sea, affording students convenient proximity to almost all areas of Lebanon.

Both campuses offer the same programs in arts, sciences and business. The nursing and medical programs, as well as junior and/or senior years in architecture, engineering and pharmacy, are completed on the Byblos campus.
Elegant beach resorts glitter along the Jbeil coastal strip, offering sun, sea and sand for study breaks during the summer. Another annual summer highlight is the Byblos International Festival, which brings top international performers and Lebanon’s greatest live acts to its outdoor stage. One of the headliners at the 2010 festival is the Gorillaz. Previous bands have included Keane and Jethro Tull.

With no more than 2,500 students enrolled in the Byblos campus, the atmosphere is intimate and personal, allowing teachers and students to get to know each other and cultivate an interactive learning environment. The schools of Arts and Sciences, Business, Engineering, Medicine, Nursing, and Pharmacy are located here. Other projected additions to this campus are a new library and a civic center.

Byblos

Set on the mountainside of the laid-back town of Jbeil, the Byblos campus offers fresh mountain air and spectacular views over the Mediterranean. Opened in 1991, this state-of-the-art facility is a lively hub of activity set within a tranquil environment that lends itself to study.

The campus is located above the historic coastal town of Byblos, believed to have been founded in 5000 B.C., and thought to be the oldest continuously inhabited city in the world. Its ancient port is surrounded by seafood restaurants and eateries serving traditional Lebanese mezze, perfect for an afternoon away from the books; while there is always a new bit of history to be discovered in the Phoenician, Roman and Crusader ruins.

Come nighttime, and the old souks of the town, filled with traditional artisans and craftsmen during the day, are transformed into a social buzz of open-air bars and pubs that line the cobbled pedestrian streets.

Come nighttime, and the old souks of the town, filled with traditional artisans and craftsmen during the day, are transformed into a social buzz of open-air bars and pubs that line the cobbled pedestrian streets.
At LAU’s libraries, traditional resources are enhanced by electronic databases.

Approximately 52,000 full-text serial titles, available electronically, put millions of articles at researchers’ fingertips. In addition, students, professors and other users have access to 59,310 e-books. Computer facilities include scanners, printers and 166 public computers. Through agreements with institutions abroad, the libraries secure on-demand materials that are otherwise unavailable in Lebanon.

The Beirut facility has special collections on women, education, Islamic art and architecture, as well as a children’s library that is the largest and oldest of its kind in Lebanon.

LAU offers undergraduate and graduate degree programs in various fields of study through seven schools:

1. School of Architecture and Design
2. School of Arts and Sciences
3. School of Business
4. School of Engineering
5. School of Medicine
6. School of Nursing
7. School of Pharmacy

UNDERGRADUATE LEVEL

1. School of Architecture and Design
   Bachelor of Architecture (B.Arch.) (176 credits) with minors in:
   a. Computer Graphics (194 credits)
   b. Islamic Art, Architecture and Design (194 credits)

2. School of Arts and Sciences
   Bachelor of Arts (B.A.)
   1. Fine Arts (92 credits)
   2. Interior Architecture (139 credits) with minors in:
      a. Graphic Design (151 credits)
      b. Graphic Design (147 credits)

3. English (92 credits) with areas of emphasis in:
   a. English Language
   b. English Literature
4. History (92 credits)
5. Political Science (92 credits)
6. Political Science / International Affairs (92 credits)
7. Philosophy (92 credits)
8. Psychology (92 credits)
9. Social Work (92 credits)

Bachelor of Science (B.S.)
1. Biology (96 credits)
2. Chemistry (92 credits)
3. Computer Science (92 credits)
4. Mathematics (92 credits)
5. Mathematics Education (93 credits)
6. Nutrition (94 credits)

3. School of Business
   Bachelor of Science (B.S.)
   1. Business Studies (92 credits) with areas of emphasis in:
      a. Accounting
      b. Banking and Finance
      c. Economics
      d. Family and Entrepreneurial Business
      e. Hospitality Management
      f. International Business
      g. Management
      h. Management Information Systems
      i. Marketing
   2. Economics (92 credits) with tracks of study in:
      a. Finance

4. School of Engineering
   Bachelor of Engineering (B.E.)
   1. Civil Engineering (150 credits)
   2. Computer Engineering (150 credits)
   3. Electrical Engineering (150 credits)
   4. Industrial Engineering (150 credits)
   5. Mechanical Engineering (150 credits)

5. School of Nursing
   Bachelor of Science (B.S.) in Nursing (104 credits)

6. School of Pharmacy
   Bachelor of Science (B.S.) in Pharmacy (174 credits)

7. Special Programs
   Teaching Diploma (T.D.) (21 credits)
   1. Elementary Level
   2. Intermediate and Secondary Level

**UNDERGRADUATE ADMISSIONS**

**Admission Procedures**

- Admission deadline:
  1. Early deadline is January 30, 2011.
  2. Regular deadline is July 29, 2011.
- All required documents (see below) must be submitted by the posted admission deadline.
- Only completed applications will be evaluated.
- Fulfillment of the minimum admission requirements does not guarantee admission.
- Transfer of applications from one campus to another is possible if the application is submitted within the set deadline.

**Required Application Documents**

1. Application for admission (attached at the end of this document)
   Applications can also be downloaded or completed online at www.lau.edu.lb.

2. Official high school transcript of the last three years
   Transcripts should be sent to LAU’s Admissions Office in a sealed and stamped envelope.

3. Official scores of SAT I (math, critical reading and writing)
   It is highly recommended to sign up for SAT I as early as possible. Please note that the last SAT session is in June 2011.

4. English proficiency proof by submitting one of the below:
   a. SAT I’s writing section
   b. Official scores of the Test of English as a Foreign Language (TOEFL)
   c. English Entrance Exam (EEE) administered at LAU. You may look up the exam schedule at www.lau.edu.lb.

5. Certified copies of all official certificates or diplomas
   (such as High School Diploma, Lebanese and/or French Baccalaureate)

6. Official Lebanese Baccalaureate equivalence of all non-Lebanese degrees (for Lebanese students only)

7. Two recent passport-size colored photos (taken within the last six months)

8. Clear photocopy of your identity card or passport

9. Non-refundable application fee of $50 (LL 75,000)

---

**Notes:**

- To register for the SAT, please visit the College Board’s website at www.collegeboard.org.
- When registering for the TOEFL, SAT I or SAT II, use LAU’s code: 2595.
1. School of Arts and Sciences

Master of Arts (M.A.)
1. Comparative Literature (30 credits)
2. Education (30 credits)
3. International Affairs (30 credits)

Master of Science (M.S.)
1. Computer Science (30 credits)
2. Molecular Biology (30 credits)

2. School of Business

Master of Business Administration (M.B.A.) (49 credits)

Executive Master of Business Administration (E.M.B.A.) (36 credits)

3. School of Engineering

Master of Science (M.S.)
1. Civil and Environmental Engineering (30 credits)
   a. Infrastructure and Construction Management
   b. Environmental Science, Engineering and Management
   c. Engineering Mechanics
2. Computer Engineering (30 credits)
   a. Computer Engineering
   b. Computer and Communication Engineering

Alumni

LAU has more than 30,000 alumni around the world.

Twenty-seven chapters maintain ties with the university and foster networking among alumni in Abu Dhabi, Aleppo, Amman, Athens, Bahrain, Beirut, Byblos, Damascus, Detroit, Dubai and Northern Emirates, Eastern Province – KSA, Florida, Jeddah, Kuwait, London, Montreal, New England, New York/ New Jersey, North Lebanon, Northern California, Oman, Ottawa, Qatar, Riyadh, South California, Toronto and Washington, D.C.

Three chapters also exist for alumni of the School of Pharmacy, the School of Engineering and BCW (Beirut College for Women — former name of LAU).

Students

LAU’s student body, characterized by diversity and community spirit, constitutes one of the university’s chief assets. More than 80 nationalities — and all of Lebanon’s confessional groups — are represented on both campuses. Student achievements continuously enhance the university’s reputation locally and internationally. In fall 2009, 7,813 students enrolled at LAU.

Faculty

As part of its strategic plan 2005–2010, LAU has raised the standards of faculty qualifications. Of 244 full-time faculty members, 77 percent hold doctorates or highest degrees in their fields. Around 80 percent of Ph.D.s hold degrees from North American and Western European universities.

The faculty body is characterized by diversity: 54 percent are Lebanese, 36 percent dual nationals and 10 percent non-Lebanese. Forty-two percent of full-time faculty members are women. The approximate student to faculty ratio on both campuses is 19:1 (full-time equivalents for fall 2009).

Transfer Applicants

Applicants who have studied at other universities or colleges must submit official transcripts from all universities/colleges attended, along with academic catalogs (when required).

Applicants who have successfully completed the equivalent of at least 12 credits will not be required to sit for SAT I. However, they might be required to sit for EEE (depending on the university/college they attended).

Transfer applicants coming from a university/college from which LAU does not require an English exam, and who have not taken any English courses, will have the option of taking Remedial English (ENG009) or sitting for the English placement test at LAU.

Additional documents required of Lebanese students applying to the freshman class

1. Permission from the Equivalence Committee of the Lebanese Ministry of Education to join the freshman class.
2. SAT I and SAT II with a minimum combined score of 2750 for Freshman Arts and 2850 for Freshman Science. Required subjects in the SAT II exam are:
   a. Math I and any other two subjects for Freshman Arts.
   b. Math II and two of the following subjects: Biology, Chemistry, Physics for Freshman Science.

Please note the following:

a. All applicants must submit the SAT I score prior to admission, but could take the SAT II during their freshman year.
b. Lebanese students will not be able to declare a major in a B.A. or B.S. program and join the sophomore class before satisfying the requirements set by the Lebanese Ministry of Education and the LAU freshman requirements.

Alumni

LAU has more than 30,000 alumni around the world.

Twenty-seven chapters maintain ties with the university and foster networking among alumni in Abu Dhabi, Aleppo, Amman, Athens, Bahrain, Beirut, Byblos, Damascus, Detroit, Dubai and Northern Emirates, Eastern Province – KSA, Florida, Jeddah, Kuwait, London, Montreal, New England, New York, New Jersey, North Lebanon, Northern California, Oman, Ottawa, Qatar, Riyadh, South California, Toronto and Washington, D.C.

Three chapters also exist for alumni of the School of Pharmacy, the School of Engineering and BCW (Beirut College for Women — former name of LAU).
Undergraduate Students

I. Need-Based Aid

a. Work-Aid Program
All need-based financial aid recipients are required to work a certain number of hours on campus. Besides helping students cover their financial need, the work-study program helps them acquire work skills, develop discipline, and promote a sense of personal responsibility and accomplishment.

b. Grants
In case of high academic performance, grants are extended as part of the need-based aid in lieu of a part of or the entire loan amount.

c. Loans
Loans to undergraduate students are extended by the university as part of the total financial aid package. Reimbursing the loan may be spread over nine years, following a three-year interest-free grace period from the date of withdrawal or graduation from the university.

II. Scholarships (Merit-Based Aid)

Scholarships are awarded to academically strong students during the first academic year of their enrollment and in subsequent years to continuing students in line with set eligibility criteria. Entrance and Honor Scholarships could cover up to 50 percent of tuition fees.

a. Entrance Scholarships
Awarded to newly admitted students during the first academic year of their enrollment ending in September, based on a combined rating of their high school and SAT grades. This scholarship is sustained throughout the academic year provided the student maintains a high academic record.

b. Honor Scholarships
Awarded to students with a high CGPA, upon completion of 24 credits and the lapse of their first academic year at LAU.

c. Merit Scholarships
Awarded to a number of outstanding high school students covering 100 percent of tuition fees to encourage and promote academic excellence. Candidates should submit their applications by April 30, 2011.

d. Athletic/Talent Scholarships
Awarded to exceptional students with recognized promising talents in athletics or other areas.
FINANCIAL AID AND SCHOLARSHIPS

Driven by its mission, values and vision, LAU is committed to extend financial aid to needy and qualified students. In this respect, financial aid aims at providing equal opportunities to all students regardless of their nationality, race, gender, religion or ethnicity.

Effective fall 2010, LAU will shift from a credit-based to a term-based tuition structure for all undergraduate students. The new system, an important student request for years, provides financial savings and smart choices for our students and transparency for all. The system is designed to encourage students to enroll on a full-time basis, to take advantage of our extensive financial aid program, and to complete degrees within the timetables recommended by academic programs.

For a complete list of our tuition fees, please check our website: [www.lau.edu.lb](http://www.lau.edu.lb).

---

**III. Student Employment**

Student employment at LAU is a supplementary form of financial aid that caters to the university cost centers’ needs by providing additional workforce. This allows students to gain professional experience.

**Graduate Students**

Graduate assistantships cover a portion of tuition fees. In return, students are expected to work a number of hours every week, normally for an academic department. Graduate assistantships are usually awarded on the basis of academic merit. Graduate students could also benefit from Student Employment (above).

**Applying for Financial Aid**

To apply for financial aid, undergraduate students must fill out the Application for Financial Aid available online or at the Financial Aid and Scholarships Offices, and submit it with the required documents, within set deadlines. The applicant must then schedule an interview for him/her and a parent/guardian.

Financial aid is granted for one regular academic year, and may be renewed, upon re-application, if the student’s eligibility is maintained.

For more information, check the LAU website: [www.lau.edu.lb](http://www.lau.edu.lb), or contact the Financial Aid and Scholarships Offices on either campus.

**Beirut Campus:**
Tel: +961-1-786456 / 786464
+961-3-791314 Ext. 1461
Fax: +961-1-786456 Ext. 1662

Students meet with potential employers during LAU’s annual career fair, which hosted around 200 companies on both campuses, in May 2010.

LAU’s First Annual NGO Fair, held in Byblos in May 2010, exposed students to the culture of community activism. Seventy NGOs were present under the motto: “Together We Serve.”

Student cultural clubs compete in a mini football tournament at LAU.

YOU@LAU is an annual activity held in May, where grade 11 high school students are invited to visit the campuses and spend half a day with LAU students, staff and faculty. During the YOU@LAU week, more than 3,000 high school students visit the campuses to learn more about LAU.

YOU@LAU participants from the 11th grade had the opportunity to meet with LAU students, faculty and staff to learn more about programs, services and campus life. Here, Dr. Nancy Hoffart, founding dean of the new Nursing School, encourages students to consider a career in nursing.

Housing

The residence halls on both LAU campuses provide students with more than well-equipped places to live. The Orme-Gray Hall (Beirut), Capital Suites (Beirut) and University Inn (Byblos) offer a caring home atmosphere, where students get the chance to meet people of different backgrounds, lifestyles and nationalities. The comfortable settings in the residence halls cater to the students’ academic and social needs, contributing to their well-rounded development.

Facilities and Services

- Rooms nicely furnished with beds, desks, cupboards, safety boxes, bed sheets and covers.
- Cable TV, free 24-hour internet connection, and private telephones.
- Private kitchenettes and bathrooms.
- Central heating and cooling.
- Washing machines and dryers for common use.
- A common lounge equipped with TV, computers with internet connection, and vending machines.
- A gym with cardiovascular equipment.
- A common study area.

Students can bring their personal belongings such as computers, audio equipment, and kitchenware.

LAU has agreements with doctors for on call health care provision on site.

Students can request, upon availability, to have single or shared occupancy. Those who wish to live in an LAU residence hall will have to apply early. Places are limited and will be booked on a first-come, first-served basis.

Guidance and Counseling

Many services and programs are provided to students to help them grow socially, emotionally and academically. These services range from the New Student Orientation Program to professional advising, career guidance, health services, and counseling.

The New Student Orientation Program is offered each fall and spring semester in order to acquaint new students with university rules, registration procedures, and offices. Students also meet their academic deans, advisers, professors and fellow students.

The coordinators of academic advising are responsible for helping students overcome academic difficulties, probationary status, and concerns regarding academic issues.

Career advisers assist students in exploring career options, searching for internships and jobs, developing job-related goals, and identifying potential employers. In addition, students get the opportunity to learn the skills for enhancing their employability, such as effective planning, resume and cover-letter writing, interview preparation and more.

Primary medical care and health education are provided to LAU students, faculty and staff. Students are enrolled in a medical insurance plan designed to alleviate financial difficulties arising from illness or accident.

The counseling services help students deal effectively with personal, interpersonal and emotional issues. Discussions are kept strictly confidential.

### Student Clubs

LAU students are given the opportunity to organize and participate in extracurricular activities through a variety of campus clubs. With multiple nationalities represented on its campuses, LAU has developed programs to help foreign students adapt to the Lebanese way of life and integrate fully into the university community. Currently, there are more than 60 official student clubs, such as:

### LAU Model United Nations

#### A School of Leadership “Par Excellence”

Every year, LAU invites top high school students from around Lebanon to participate in the university’s AL WALID Global Classrooms–Model United Nations program, established in 2005.

Students attend a series of training sessions about UN procedures, negotiations and public speaking skills, caucusing, and position paper and resolution writing. The program bestows on participants global cognition about international diplomacy and proven leadership skills.

Participation has surged from 541 students and 76 schools in 2006 to about 1,300 students and 125 schools in 2010. A once in a lifetime opportunity is given every year to five high school students to participate in the international High School Model United Nations conference, held by the United Nations Association of the United States of America in the UN headquarters in New York.

Over 1,300 high schoolers participated in the LAU MUN program in 2010.

LAU Model United Nations

A School of Leadership “Par Excellence”

Every year, LAU invites top high school students from around Lebanon to participate in the university’s AL WALID Global Classrooms–Model United Nations program, established in 2005.

Students attend a series of training sessions about UN procedures, negotiations and public speaking skills, caucusing, and position paper and resolution writing. The program bestows on participants global cognition about international diplomacy and proven leadership skills.

Participation has surged from 541 students and 76 schools in 2006 to about 1,300 students and 125 schools in 2010. A once in a lifetime opportunity is given every year to five high school students to participate in the international High School Model United Nations conference, held by the United Nations Association of the United States of America in the UN headquarters in New York.

LAU students are given the opportunity to organize and participate in extracurricular activities through a variety of campus clubs. With multiple nationalities represented on its campuses, LAU has developed programs to help foreign students adapt to the Lebanese way of life and integrate fully into the university community. Currently, there are more than 60 official student clubs, such as:

High school students participate in The Science and Arts Fair

Hundreds of high school students from over 30 schools in Lebanon participate in various competitions during the annual Science and Arts Fair, held at LAU Byblos in the spring.

The event includes a science-knowledge competition, exhibition of science projects, solar-powered remote-controlled car races, as well as solar-powered vehicle design, testing and display.

Students interested in arts showcase their skills in photography, painting, sculpture, graphic design, dance, theater and filmmaking. Others take part in the writing competition, presenting short stories, essays and poems in Arabic, French and English. Prizes are distributed to winners.

Students present a wide range of creative science project ideas. Here, one of the teams displays an electronically controlled crane.

Athletics

LAU’s physical education and athletics programs constitute one of the most flourishing aspects of the university and play a vital part in the lives of many students.

Throughout the year, the LAU Athletics offices organize intercollegiate and international tournaments, in addition to participating in other local, regional and international events. Most of the varsity teams get exposed to high-level competition and play regular season games against some of the other universities and colleges in Lebanon.

In addition, a wide range of extracurricular and sports activities are offered, such as: basketball, swimming, football, table tennis, tennis, volleyball, handball, rugby, kickboxing, chess, aerobics, dance (folk, hip-hop and Latin).

All students are encouraged to try out for any of the varsity teams and to participate in other extracurricular activities.
