ECC Curriculum

The ECC’s curriculum is based on an eclectic set of theories for child development and early education and addresses the five areas of development for preschool children:

- Cognitive Development
- Motor Development
- Social and Emotional Development
- Language Skills and Communication
- Creative Expression

Anchored in solid research, the ECC emphasizes the importance of fostering both creativity and intellectual growth through learning activities in:

- Language Arts
- Critical Thinking in Math
- Scientific Exploration
- Dramatic Play
- Music and Movement
- Art
- Fine and Gross Motor Skills

The daily schedule also includes:

- Circle Time
- Cooking Activities
- Story Time
- Free-Choice Time
- Small Group Work
- Outdoor Play
- Character Education Activities
- Role-Playing Activities
- Rest Time

Application & Registration Procedures

Families interested in placing their child at the ECC should submit an application. They will then be invited to attend an orientation session to learn more about the ECC.

For More Information:

All inquiries are welcome, and personal visits to the ECC may be arranged to learn more about the program.

Early Childhood Center

“Where Lifetime Learning Begins”
Our Vision

The ECC strives to:
- create a child-friendly environment based on a combination of educational approaches grounded in current research findings and best learning practices aimed at promoting the cognitive, creative, physical, social, and emotional development of children
- provide children with a chance to grow in a unique environment that encourages the achievement of their highest potential and works on strengthening relationships with the child’s families, teachers, peers and environment.

What Makes the ECC Unique?

- A setting within the confines of a reputable academic institution where strict international professional standards are upheld
- An adoption of a rich multidisciplinary approach to teaching and learning
- The recruitment of certified early childhood teachers for every classroom
- Staff-to-children ratio that supports guided and closely supervised activities
- A close follow-up by a pediatrician
- Provision of booths to facilitate parent, student and faculty observations
- An enclosed-outdoor “Art Atelier” that allows children to work and play in natural light
- A selection of high-quality furniture items that comply with all the international safety requirements
- A selection of childproof and non-toxic classroom materials from international brands
- State of the art technology including smart boards and computers in every classroom
- Well-balanced, nutritious and healthy daily menus designed by specialized dieticians
- A close communication between the families and ECC staff

ECC Program

Please check the ECC website for the days and hours of orientation and for any other inquiries.

Enrollment is limited, and children are registered based on an admission’s application and interview. A wait list will be kept once classes fill.
